# Hubshare : Une solution à votre image

# Hubshare : Une solution à votre image

The image displays the Hubshare user interface, which is highly customizable. It features a login screen on the left and a main dashboard on the right. The background is a large, high-quality image of a modern building at night, which is noted as being customizable. The dashboard is filled with various widgets, including a document list, a video player, a task list, a calendar, and social media feeds. The user's name, 'Almaleggo - Mr Jean Dujardin', is visible at the top of the dashboard. The interface is clean and professional, with a focus on productivity and collaboration.

# M-Files + Hubshare : Explorer

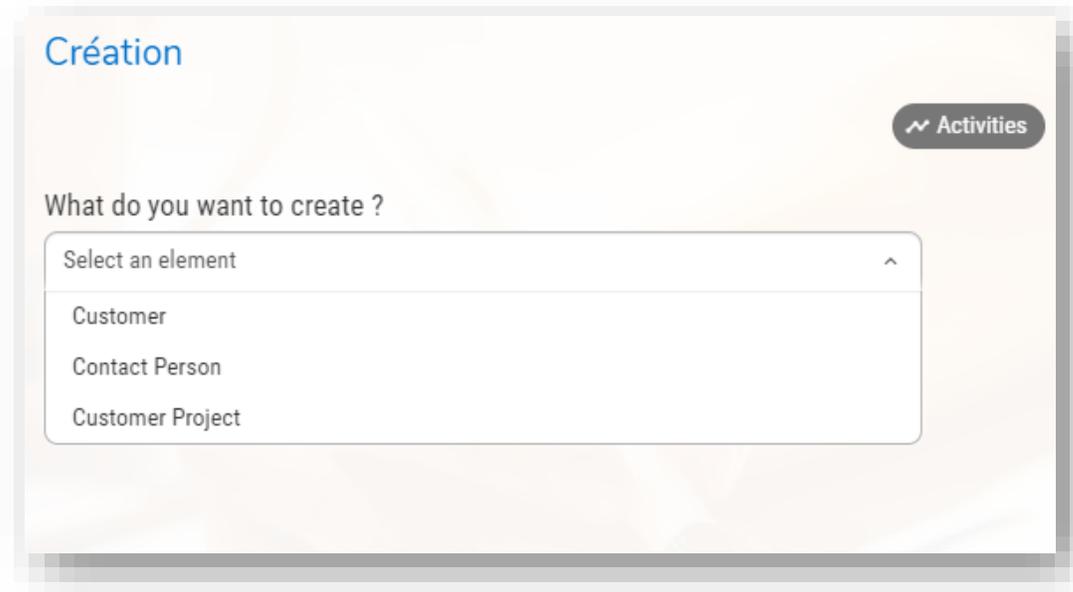

The screenshot displays the M-Files Explorer interface. At the top, there's a 'Projects' header with 'Activities' and 'Add files' buttons. Below this is a search bar and a view selector set to '10'. The breadcrumb path reads 'You are here: Projects / Logo Design / ESTT / Documents (11)'. The main area contains a table of documents with columns for Name, Event date, Workflow State, and Last update. Each row includes a file icon, a download arrow, and a three-dot menu. The bottom of the interface shows 'Results: 1 - 10 / 11' and a pagination control with page numbers 1 and 2.

<input type="checkbox"/>	Name	Event date	Workflow State	Last update
